THE TERRIBLE NIHILIST.

It is a question whether he will permit the coronation of the Czar.

St. Petersburg, April 3.—The Russian Revolutionary party has issued a circular, which has been widely distributed, warning the people against being near the Czar at the time of his coronation.

VIENNA, April 3.—Private dispatches from St. Petersburg give details showing the general alarm in Russia over the activity of the Nihilists with regard to the coming coronation of the Czar.

The Governor of Moscow is receiving anonymous letters daily, which, there is no doubt, emanates from the leaders of the Nihilist party. The writers declare that since, according to the announcements of official organs of the Government in the press, the Czar has resolved neither to grant his subjects a constitution, nor to issue a general amnesty to political prisoners and exiles, on the occasion of the approaching coronation, it has been resolved by the Central Council that everything possible shall be done to prevent the coronation being performed; and that, if necessary, even the Kremlin itself, with all the guests attending the ceremony, shall be blown up.

A dispatch from Moscow to-day states that Count Worontzoff Daskhoff, who is making the final arrangements for the coronation of the Czar, has received a number of anonymous letters, threatening that all those taking part therein will be annihilated.

THE KRUG MURDER CASE.

He will be cleared on a technicality.

St. Louis, Mo., April 3.—News has reached here from Washington to the effect that the United States Supreme Court had reversed the decision of the Supreme Court of Missouri in the famous Krug murder case. Krug murdered Dora Broemser. He has had six trials, and was three times sentenced to be hanged. His neck is again saved, this time by a bare majority of one in the Supreme Court. Justice Miller delivered a decision reversing the judgment of the Supreme Court of St. Louis, and remanding the case for the proceedings in the criminal court inconsistent with this judgment. The decision was signed by five of the nine judges. Justice Matthews read a dissenting opinion, holding that the points on which it was claimed his conviction was illegal were not sustained by the facts. The dissenting opinion was signed by three of the other justices. Thus there were five in favor of a new trial for Krug and four against. The attendance was very large, and much interest was manifested in the case. Krug can now only be put on trial for murder in the second degree, and as the evidence will show murder in the first degree as the case is presented by the State, he will be discharged. Krug's attorneys called at the jail and informed him of the decision. The prisoner showed much excitement, though feeble from sickness. He expressed thanks and praise for his counsel, and said: "I expected such would be the decision."

Accident on the Iron Mountain Road.

St. Louis, April 2.—Train No. 606 on the Iron Mountain Railway, due here at 6:17 o'clock this morning, struck a rock of several tons in weight that had rolled down on the track at Bushburg, a small station twenty-five miles from the city. The engine, No. 348, left the track and rolled down the embankment into the river, where she now lays, bottom side up. The baggage car was thrown off its trucks and landed across the track. The front end of the smoker was also untracked and thrown to the side of the track, but none of the coaches or sleepers left the rails. Engineer McGovern and his fireman were both seriously injured in jumping from the engine, but just how badly could not be learned. None of the passengers were hurt at all, aside from a good shaking up, caused by the sudden stopping of the train.

National Cotton Planters' Association.

Vicksburg, Miss., April 3.—The executive committee of the National Cotton Planters' Association met here yesterday. Action on location of the Cotton Centennial Exposition was postponed on account of a request from the promoters of the enterprise in New Orleans, who desire further time. John Scott, President of the Cincinnati, New Orleans and Texas Pacific Railway was present and tendered to the committee a special car if they would accept an invitation to visit Cincinnati, which was received from the Mayor and prominent citizens of that city. It is thought that this invitation will be accepted. The committee adjourned to meet again at the call of the President of the association.

Doings of Bucky Damuels.

PARIS, Ky., April 3.—Lama Carter and Polly Hughes, dusky damuels, had a fight with a pistol and rocks. The former, while holding the pistol fired three times with the muzzle against the other, but missed, and received a severe wound from a brickbat on the side of the head. The fight occurred over a negro named Lysias Howard, who had been keeping both women, and both were arrested.

The Board of Magistrates, by a vote of 8 to 7, decided to submit to a popular vote on May 19 whether or not to vote \$100,000 to the proposed Paris, Frankfort and Georgetown Railroad.

HALL'S Vegetable Sicilian HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfillment of its promises.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.

BUCKINGHAM'S DYE FOR THE WHISKERS
